The Beach Hut

Another one of our original designs, whilst we are unable to change the width, we can adjust the depth front to back to increase the storage space at the rear. The Beach Hut is supplied with a solid base and window to the front. It is a very versatile dual-purpose addition to your garden and looks great on shingle with a planting of grasses.

DIMENSIONS

Height 2.2 mtrs Width: 1.6 mtrs. Depth: 1.8 mtrs.
